GENERAL INFORMATION

The Conference takes place on May 22th-26th 2017 in Międzyzdroje. The aim of the Conference on Structural Failures is to create a forum for presentation of research result and technical reports on failures as well as techniques for strengthening, repair and rehabilitation of structures. The conference program will include plenary sessions with papers selected for presentation by the Conference organizers and Scientific Committee. This biannual event is a major meeting of the Polish structural engineers, with invited international delegates.

THE MAIN TOPICS

- analysis of causes of the structural failures,
- post-accident repair and reconstruction methods,
- presentation of fields test results and analytical evaluation of structures and their safety,
- presentation of selected cases of structural failures and innovative methods of strengthening,
- diagnostics of building structure and the structural failures prevention.

The conference on structural failures is addressed to researchers, design engineers, consultants, administrators and students. The presentations will include innovative approaches to diagnostics, assessment, protective design, repairs and rehabilitations.

CALL FOR PAPER

Authors are invited to register and submit the paper title by October 30, 2016. The registration is available on-line at: **www.awarie.zut.edu.pl**. The deadline for submitting full papers is January 15, 2017. Paper should be prepared using template available on conference website. Authors will be notified about the final acceptance of full papers by March 13, 2017.

LANGUAGE

The language of the Conference will be English and Polish. Simultaneous translation will be provided.
